Group participant's comments:

I think it was a very interesting trip and Brij was very accomodating to make us all comfortable. Peggy F.

I had a real good time in India and learned more about their culture and religion. It was very educational and exciting tour - especially the camel and elephant rides. The escort was very knowledgeable like a text book. Thanks again for the excellent tour of India. Allan I.

Historic information was very good. The hotels in India were good - always clean and wonderful rooms. The coach driver was excellent and his assistant was helpful, polite and efficient. Shari M. G.

I really loved learning about the history in each of the areas and all of the monuments. Mr. Sharma looked out for our health and safety, and tried to accomodate our requests. I really don't think that anyone could have kept so many different people still enjoying each others company as well as he did. I liked Mt. Abu and the Hillock Hotel. Their food was excellent and the town was great to explore. Visiting the temple was super. Sherry G. H.
